A dining experience

IN the Bush DeVine Café kitchen, head chef Thomas Erkelenz has been making his mark on the bush-flavour inspired menu since April 2019.

Thomas' style of food is Modern Australian, incorporating native Australian ingredients sourced from Paulett's own bush garden or foraged from the surrounding countryside.

Chief winemaker and proprietor Neil Paulett

has described the transformation of cellar door to incorporate a dining experience as a "dream come true".

In further adding to the wine experience at Paulett's, wine tasting flights matched with delicious canapes from the Bush DeVine kitchen have been extremely popular since being added to the menu this year.

All served on custom boards made by Andy

Gallagher at the Clare Men's Shed, it gives guests the opportunity to choose from a generous menu in matching wine and food tastings and is a great way to enjoy the full Paulett experience.

The café's new summer menu is set to be launched in November, and there is no better time to book a table, soak up the magnificent views from the deck and enjoy Paulett's wine, food and hospitality.
